Patient Financial Policy

At Orthopaedic Specialists of Massachusetts, we are committed to providing you with the best possible care. Our fees for services are based on the level of professional skill required; the severity and complexity of the injury or illness, as well as the time spent treating you. The **patient or responsible party** is responsible for seeing that the entire bill is paid in full. Your clear understanding of our Financial Policy is important to our professional relationship.

Self-Pay / Uninsured: Payment in full is required for all self-pay/uninsured patients. For new patients, a deposit of \$300 is required on the day of your appointment before being seen by the provider. Any fees remaining will be collected following your appointment.

Insurance: Billing of insurance is a courtesy we provide our patients and is not required by law. Our professional services are rendered to a person, not an insurance company. The insurance company is responsible to the patient and the patient is responsible to us. Following your appointment, as a courtesy we will bill your insurance company, any patient responsibility portions are to be paid upon first receipt of your patient statement. If your insurance does not respond within 90 days the bill will become your responsibility. It is important to notify us if your insurance carrier or policy has changed.

Copayments: Your insurance contract REQUIRES that we collect your designated co-pay at the time of service. Please be prepared to pay your co-pay prior to each visit.

Non-Covered Services: If your insurance plan determines that a service is not covered for any reason you will be responsible for payment of the charges. **Durable Medical Equipment (DME):** Some DME items may not be covered by your insurance plan and you will be asked to pay in full at the time of service. All items are new when given and cannot be returned.

Non-Participating Insurance Plans or "Out of Network": It is the responsibility of the patient to verify whether Orthopaedic Specialists of Massachusetts contracts with your insurance plan. Any outstanding balances are the responsibility of the patient. Insurance companies sometimes use the phrase "usual and customary" or "out of network" when discussing our fees. Insurance companies set their own "usual and customary" rates based on a wide geographic area and the fees we charge may differ.

Referrals: If your insurance plan requires a referral from your primary care physician it is your responsibility to obtain this prior to your appointment and have it with you at the time of the appointment. If you do not have your referral you will be required to reschedule your appointment or can sign a waiver claiming responsibility for payment and pay \$200 for your office visit (cash, check or credit card). If the insurance referral is received OSM will process the claim and refund any money owed when the claim is paid.

Workers Compensation/Accident Cases: In order for us to file a claim with your work comp or other liability carrier you must provide complete billing information. Without this information we are unable to bill your insurance carrier and we will ask for payment in full at the time of service. Patients shall be financially responsible for medical services related to work comp/accident if insurance fails to pay in full. We do not bill attorneys for medical services.

Minors of Divorced Parents and Child Custody Cases: Both parents are financially responsible for care rendered to minor children. We do not get involved in divorce situations and the parent that signs for the child will be financially responsible and any statements will be mailed directly to that parent.

Post-Operative Surgery Charges: Following most surgical procedures, related office visits are included and will not be charged during the 10 or 90 day post-operative period. Services such as x-rays, casting and materials, Durable Medical Equipment, and injections will be charged separately during this time.

Payment for services may be paid by cash, personal check, or credit card. **Responsible parties** will be responsible for any expenses incurred in collecting the amounts owed, including attorney's fees, court costs and/or the collection agency fee. Any returned check from the bank for non-payment (insufficient funds) shall result in the patient's account being assessed a \$25 fee per check returned. ***Please sign that you have read and agree to this Financial Policy.***
